Report of an initiatives taken to plantation of purifying RO Water ATM at the village Chandgiri under Community Service in 2014-15

The college has taken an initiative to engage with and contribute to local community. Jayam Foundation works for the betterment of the society particularly in the areas of Health and Sanitary and Environment Protection.

Gaining access to safe drinking water is a serious issue affecting people of all ages worldwide. For those living in like **Chandgiri village of Nashik District**, where the availability of improved water sources is limited, challenges can be immense and impact quality of life in significant ways.

However, with water purifier systems, vulnerable individuals can acquire one of the most important resources needed to sustain daily existence, and obtain peace of mind in the process. Water purifying systems are essential on a global scale as they **increase access to clean water and sanitation**. Poor water sanitation can leave adults and children susceptible to a variety of waterborne diseases, including typhus, cholera and typhoid fever. In places where clean water and sanitation is sparsely found, many individuals opt to drink, bathe, cook and clean using bottled water. For an alternative that is affordable, safer and better overall for the environment.

The college in collaboration with Jayam Foundation, Nashik in the **2014-2015** has planted purified RO WATER ATM in the village of Nashik District. Reverse Osmosis (RO) system offers a multi-stage filtration of water by combining active carbon and also particle filtration. It removes bacterial contaminants and chlorine and offer water with better taste and odour. It also prevents the entry of harmful substances such as lead into our body by eliminating them from

drinking water. It offers healthy, clean water at a much lower price than bottled water. It reduces the risk of bladder cancer, colon cancer and rectal cancer by eliminating chlorine as well as chlorine by products from the drinking aqua.

An ATM card is issued to the villagers at Rs. 150/- each. The villagers can use this **ATM card and avail 20 litres of pure RO water at the cost of Rs. 5/- per transaction.** The amount is deducted from the card automatically. This card can be used any number of times and the service is **available 24 hours a day.** Once the amount on the ATM card is over, the user needs to recharge it with **Rs. 150/-.** This plant is completely under the control of the Grampanchayat of the village and it takes care of the maintenance as and when required from the funds collected through the recharge of the ATM Cards. The approximate costing of installing this plant is **Rs. 8,00,000/- (Rs. Eight Lakh).** Chandgiri Grampanchayat also supplies this RO purified water to other villages by providing them the Water ATM Cards. This has resulted in decreased number of water diseases and also made the villagers health conscious. **More than 250 families are availing this facility** and the number is increasing rapidly.

This initiative is highly appreciated by the villagers.

!! आभार पत्र !!

महोदय,

आपल्या महाविद्यालयाच्या विवेक वाहिनीच्या विद्यार्थिनींनी आमच्या विनंतीला मान देऊन इंधन बचत सप्ताहानिमित्त दिनांक १५ जुलै २०१६ ते १५ सप्टेंबर २०१६ दरम्यान आमच्या गॅस सप्लाय सर्व्हिस विभागातील १) पंचक गांव २) आम्रपाली नगर ३) लोखंडे मळा ४) सावरकर नगर ५) वडाळा गांव ६) समता नगर या ०६ प्रभागांमध्ये ' इंधन वाचवा, समृद्धी वाढवा ' हे पथनाट्य अत्यंत सुंदर पद्धतीने सादर केले. तसेच प्रा.डॉ.लता पवार यांनी पथनाट्य लेखन करून त्याचे दिग्दर्शन केले.

आपल्या विद्यार्थिनींच्या पथनाट्य सादरीकरणाने गृहिणींमध्ये इंधन बचतीची जनजागृती होण्यास मोठे सहकार्य लाभले त्याबद्दल आम्ही आपल्या महाविद्यालयाचे आभारी आहोत.

यापुढेही असेच सहकार्य लाभावे ही विनंती.

!! Thanking Letter !!

Respected,

The students of your college under the activity of Vivek Vahini honoured our request and participated and performed **Street Plays** organised by our Gas Supply Service Division at different areas in Nashik **1. Panchak village 2. Amprapali Nagar 3. Lokhnade Mala 4. Savarkar Nagar 5. Wadala village 6. Samata Nagar** on the occasion of the **Save Fuel Week** between 15th July- 15th September 2016 (03 months). The streetplays were performed on the theme **Indhan Vachwa Samruddhi Vaadhwa (Save Fuel & Develop Prosperity)**. Dr. Lata Pawar wrote the script for the street play and directed them.

The street plays performed by the students of your college was helpful in creating awareness regarding **Save Fuel**. Hence, we are thankful to your college.

Looking forward for the same cooperation in future.

Regards,

Yours,
