# Sant Gadge Baba Jeshtha Nagrik Vyakhyanmala Report : 26,27,28 December 2019 Report on Science & Scientific Reason

Sant Gadge Baba Senior Citizens Lecture was held at Matoshree Veteran Ashram Samangaon Ta District, Nashik, from 03 to 05pm.

Dr. Niwas Patil was present as the chief guest and speaker for the inaugural event on 26/12/2019. Also present was Dr. Gorakhnath Wakale, Dr. Karuna Kushare Principal, Director of Matoshree Veterans Affairs, Dr. Chandanji Swami Maharaj. On the first day of the lecture, Dr. Niwas Patil gave information about the solar eclipse that coincided the same day. The subject of his lecture was "Science and Scientific". In this connection, he said while interacting with senior citizens, that solar eclipse is a scientific invention because human beings believe in superstition and they fall into the pray of superstition because many myths related to solar eclipse have been heard. But it has no scientific basis. According to science, the earth revolves around the moon. Solar eclipses are nothing but shadows of the sun and moon and earth. Solar eclipse occurs. For example, a lunar eclipse means that the Earth's shadow falls on the moon. So the shadow of the earth falls on the sun is called solar eclipse. The Earth Moon is called the Volcanic Solar Eclipse, if not the entire but partial shadow falls. So the moon covers part of the sun and the edge is open. This is called a bracelet acquisition. In fact, solar eclipse is so rare that it is a natural invention. That's the beauty of nature. There is nothing wrong or ill
