**Policy Document on the Green Campus**

**Green Campus:**

A. Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers College the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

**Objectives of the Go Green Programme:**

The first step of the Go Green Programme involves establishing a viable Green-Campus Committee, within the organizational structure of the College. Hence, to give this initiative more clarity and authenticity, we now roll out a POLICY DOCUMENT spelling out the strategies, plans and other allied tasks to make this Program functional officially.

We believe that greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program. The administration of the College believes that everyone has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the College at planning and budgeting processes with the aim of developing a clean and green campus. Every individual of College Campus will work, may he/she be a student, faculty and support staff to foster a culture of self-sustainability and make the entire campus environmental friendly. The Green Campus Initiatives will enable the College to develop the campus as a living laboratory for innovation.

**The committee will plan and execute to:**

1. Seek views of all the Stakeholders to make the Go Green Campus initiative functional throughout the year.
2. Conduct the Campus' environmental impacts to identify the targets for improvements.
3. Establish a Green Campus Environmental Ethic Awareness campaigns.
4. Set forth a Green Campus Mission and a Statement of Principles.
5. Link Green-Campus activities to Academics in the College.
6. Organize Awareness Programs for the students, faculty and society.
7. Develop a strategic plan and create student teams to carry out specific tasks of the strategic plan. For instance, a plan to save energy at the College level with time bound plan to install Solar Power Station mandatorily either at the top of College building or in open field. This will enable the College to have 24x7 power supply.
8. Phase out the CFL and conventional light source such as bulbs and tube lights, halogen and mercury street/campus lights and get them replace by the LEDs.
09. Purchase only Energy Efficient Computers viz: "ENERGY STAR" or any other equivalent.
09. Evaluate daily operations in terms of pollution prevention, waste stream management, and energy efficiency reducing, reusing, recycling, and repairing wherever possible.

**C. Promotion of 'Save Energy Tips' in and outside the College:**

- Activate power management features on your computer and monitor so that it will go into a low power "sleep" mode when you are not working on it.
- Turn off your monitor when you leave your Table.
- Activate power management features on your laser printer.
- Whenever possible, shut down rather than logging off.
- Turn off unnecessary lights and use daylight instead.
- Use LED or compact fluorescent bulbs.
- Keep lights off in conference rooms, classrooms, lecture halls when they are not in use.
- Use the fans only when they are needed.
- Unplug appliances not plugged into power strips (like TVs, Refrigerators, ACs, printers, faxes, and chargers etc.)

**D. Waste water Management/Rainwater harvesting:**

Water flow restrictors on bathroom faucets and showers, low water flow toilets and automated urinal flushers should be used to cut down campus water use. The College will take all necessary measures to implement waste water management/rain water harvesting.

- Installation of Solar Power Station
- Waste water Management/Rainwater harvesting
- Displayed poster on E-waste Management
- Maintenance of water bodies and distribution system in the campus
- MIS to make paperless administration
- Plastic free Campus
- Tree Plantation Drive
- Cleanliness Drive
- Landscaping and gardens
- Use of LEDs only
- Digital Library/E-Learning Centre
- Organization of sensitization programmes for the stakeholders
- Conduct Environment and Energy Audit
- Restricted entry of automobiles
- No Vehicle Day observed

The College will take all the necessary efforts to involve the students, faculty and staff in 'Green Campus Initiatives' by designating the volunteers of NSS with green campus initiative slogans specially designed for the purpose.

## Lord Ganesh Idol Making Workshop Report (29-08-2024)

The Department of Cultural Activities at NSPM's Late Bindu Ramrao Deshmukh Arts, Commerce & Science Mahila Mahavidyalaya organized a workshop on Lord Ganesh idol making on August 29, 2024. The event was guided by Shilpakar Sachin Shinde, a renowned artist and student of K.K. Wagh fine Arts College, Nashik.

During the workshop, Sachin Shinde demonstrated the art of creating Ganesh idols using Shadu soil, an eco-friendly material that dissolves easily in water. In line with the college's commitment to environmental sustainability, Shadu soil is the preferred material for creating idols of Lord Ganeshji.

The idol created by Sachin Shinde was kept as the college's Ganesha for worship over the next five days. Students decorated and colored the idol, adding their creative touch to the workshop.

The workshop was organized by Dr. Deepa Holkar, Dr Minal Barve & Prof Smita Malve and Dr. Sameer Limbare, Incharge Principal of the college, served as the chairperson of the program. 13 students actively participated in this workshop, gaining valuable insights into the art of idol making.
